## People say:

"Wow! Thanks to my coaching work with Mazarine, I have developed both the inner confidence and the strategies to increase my rates over 60% from where they were 18 months ago. I have so many client requests that I now have a four-month waiting list, even during a pandemic! Over the past year and a half, Mazarine Treyz's Mastermind group has helped me name and claim my desires and my goals! On top of this, Mazarine has helped me create my dream of passive income by training me to make my first online course. Now I can work less and spend more time hiking the mountains that I love, while still being able to help people! If you want to raise your rates, get more clients, or create passive income, definitely work with Mazarine!" - **Jennie Swantz**

I took some of the best practices you gave me for speaking engagements, fit them to my personality, and it's tripled our revenue! - **Kenita Smith**  
Executive Director, HOPE Inc, Atlanta, GA

We have already reached our campaign goal for the year prior to our summer mailing even going out! Working with you made this happen! Thank you! - **Brynn Evans**
